

ALEXI is a series of high-quality, sturdy guide luminaires with an aluminium body. Typical applications include office and business premises, day-care centres, schools, hospitals, health centres and sports halls. Luminaire offers even light distribution as well as good contrast and illumination. Sign is made of acrylic.

There are two viewing distances available in the series: 45 m and 60 m. Luminaire can be wall or ceiling mounted. The series includes light fittings with a downlight function.

Brackets are made of ABS plastic, and the luminaire is IP44 rated. Guide luminaire can be wall or ceiling mounted. Available in one and two-sided models.
